IN THE KNOW

#1 For me the most important thing about a brand is that it offers good value for money

2	If I'm not satisfied with a product or service I will choose an alternative
3	Brands and companies have to be environmentally responsible these days
4	Price is the most important factor in my purchasing decisions
5	I am always looking for ways to simplify my life
6	I like to buy products that can be tailored to my needs
7	It is important to indulge or pamper myself on a regular basis
8	The look, feel and smell of a product is very important to me
9	I always read the label before I buy any product
10	I spend quite a lot of time researching brands before making a major purchase
11	I prefer to own fewer but higher quality items (clothes, technology products, etc.)
12	I actively look for products and services that help me live a healthy lifestyle
13	I feel guilty when I do something that is not environmentally friendly
14	My outward appearance reflects my inner well-being
15	I only buy products or services from a trusted brand
16	I only buy products and services that appeal to my beliefs, values or ideals
17	Where and how a product is made is very important to me
18	Having less choice makes it easier for me to make a purchase decision
19	My individuality is reflected in how I look and what I buy
20	I am prepared to pay more for products that make my life easier
21	I worry about getting sick from contaminated food or drink products
22	I really need the shops and services I use to be available at all times
23	I'm always on the lookout for new products and services
24	I am interested in other people's opinions about what products and services to buy
25	I will select one brand over another specifically because it supports a cause I believe in
26	I go out of my way to tell other people about products and services I really like
27	I am always looking for novelty and fun, even in everyday products
28	I often feel overwhelmed with information when I am making a large purchase
29	I go out of my way to make sacrifices for the good of the planet
30	I'm willing to settle for an inferior product or service if it's available when I need it

Summary

CHALLENGING SCENARIO...

General economic context is still challenging:

- consumers are putting **desires on hold...**
- ... ending up buying more often **what they need, than what they want**

SENTIMENT

...EYEWEAR STILL ON TRACK...

Eyewear market ecosystem proves to meet consumers expectations:

- despite being pragmatic, **consumers are addressing quality, performance and look... more than price**
- at the heart of brand promise: **value for money**

RESILIENCE

...NEW «SILICON-CARBON» JOURNEY...

Purchase journeys are changing;

- **digital** infojourneys are increasingly **preparing for the last mile in store**
- **new tools/best practices are required** for stores and store-staff

LAST MILE IN-STORE

...A PROMISING OUTLOOK

We are approaching -an uncertain- future leveraging on:

- a large majority of eyewear lovers planning to purchase (further)
- ...sunglasses (63%)
- ...optical glasses (61%)

BUILDING BLOCKS

CALL TO ACTIONS FOR BRANDS

- ✓ **READ CONSUMERS' LEAPS** Brands must confirm their capabilities of meeting clients expectations: providing quality, convenience and value for money & understanding targets and markets peculiarities
- ✓ **HELPING CONSUMERS VS «SAD PASSIONS»** Brands must further help consumers bridging the gap desires-lifestyles vs needs-purchases

BE THE ENZYME!

Thank you
